(not avail 4/19)

**Questionnaire Assistance Center (QAC)** is a walk-up center where Census staff will assist respondents with questions. EBALDC is proud to be providing five (5) QAC sites; one is West Oakland, two in Downtown/Chinatown, and two in East Oakland. Final locations will be determined by the Census.

**Why is EBALDC involved?** Most of our buildings are in communities that are "hard-to-count," meaning that the population is underrepresented. Being counted is important because it determines the distribution of \$300 billion annually of government funding for critical community services. This serves to amplify our voice in Congress, but first the government needs to know how many people are living in these communities.
